# Custom Wrap™ and Kushion Kraft®

Paper Products

**A Complete Line of Flexible Paper Packaging Materials.**

# 100% Recycled Paper<sup>†</sup> Packaging for Protecting Your Product and the Environment

## Custom Wrap™ Wadding Materials

### Flexible

- Multi-layers of pliable tissue provides excellent edge protection.
- Conforms to the product, easily wrapping around any edge, while reducing labor costs.

Custom Wrap Wadding

### Absorbent

- Contains liquid spills in the package preventing weakening of the carton during shipment.
- Ideal as a liner for animal cages and as an absorbent mat when combined with a polyethylene backing. Fewer changes are required reducing material and labor cost.

### Non-Abrasive

- Soft surface provides superior protection against scratching and marring on wood and other fine finishes.

## Custom Wrap™ and Kushion Kraft® Products Available as:

- Stock rolls – variety of standard sizes for fast delivery with multi-directional perforations for easy dispensing and material control.
- Custom products – multiple combinations of soft tissue and rugged kraft paper along with film and paper backings available for special requirements.

Custom Wrap Furniture Wadding

- Tan for industrial and government applications requiring Federal Commercial Item Description A-A-1898C, GRADE II material.
- White for gift items, pharmaceutical and surgical products.

## Kushion Kraft® Packaging Materials

### Efficient

- Better cost effective dunnage than standard wadding products.

### Resilient

- Indented kraft plies “spring back” to provide long-term cushioning even after repeated impact.

Kushion Kraft Packaging

- Excellent void fill product for dunnage applications.

### Puncture Resistant

- High tensile and tear strength for rugged applications with sharp protrusions and edges.

## Commercial Item Description A-A-1898C

- Orders to meet A-A-1898C must be acknowledged in advance of manufacturing.
- Custom Wrap™ stock rolls do not meet A-A-1898C. Only Type T Tan Custom Rolls (Water Resistant) meet A-A-1898C (Grade II, Class B).
- Kushion Kraft® stock rolls do meet Grade II, Class C (highest strength requirements) of A-A-1898C.
- Grade I (Absorbent) is not offered.

### Specifications

#### Stock Rolls
